NEXT STEPS

All Things New: Attitude

This Sunday we continue the new message series called "All Things New." This week will focus on attitude and the scripture focus is Philippians 2:1-11.

Questions to *Dig Deeper*:

1. How would you rate yourself on the 4 qualities of verse 2? (Be careful not become critical but rather to honestly evaluate how you are doing and how you can grow.)
2. Verse 3 says that we should consider others better than ourselves. What about the things I'm good at? The fact is, each of us is better than other people at certain things. Is it prideful to acknowledge this fact? Why or why not? What does humility actually look like?
3. What things would change if you consistently applied Phil. 2:3-5 in your family? At your workplace? What would River Rock look like if everyone here consistently applied these verses in our church?
4. Verse 5 is about attitude. At what times do you struggle to have a good attitude? What thoughts are going through your mind at that time? How does today's section provide help?
5. Verses 5-11 show how Jesus is the perfect example of what Paul instructs in verses 1-4. These verses also contain some deep theology about Christ. What do we learn about Jesus from these verses? What should our response be to these truths?
