"Love is a Verb"

1 John 2:1-11

Questions to *Dig Deeper*:

1. Bill talked about how the word "know" in this passage is a combination of the word for intellectual understanding and the coming together like a husband and wife. Name one person in your life who knows you well like that.
2. John reminds us of Jesus' word that He gives to his disciples, "love one another as I have loved you, so that world would know us by how we love one another." When you think about being a Christian, how high of a priority do you tend to place on how you love other people?
3. Why do you think John emphasizes our love for other Christians as much as he does?
4. How has your love towards others changed since you became a Christian?
5. Is there someone in your life that makes it difficult to demonstrate the love of God? How might you best love that person?
