Questions to *Dig Deeper*:

1. What do you think about this long list of names and families? What practical lessons can we take from this chapter?
2. Where are places that you could be serving and relationships that God already has you in? Where might there be opportunities in those places?
3. Where have you seen God at work in a group or team you have been part of?
4. What gifts have you used to serve before? Where are you plugged in now? Where are you interested in getting involved going forward?
