NEXT STEPS

"Creating a Movement of People"

John 1:35-42

Questions to *Dig Deeper*:

1. Bill talked about our movement pointing at someone else. What other things can be tempting for you to point at and focus on? Politics, causes, etc?
2. Our movement is invitational. Share a story about a compelling invitation you have been given (it can be an invitation to anything). What made the invitation impactful enough to be talking about it still today?
3. Our movement grows through inquiry. Share about a relationship that you have felt safe asking questions in and wrestling with your faith. What makes that person someone you are willing to ask questions with or to?
4. Who is a person you could commit to regularly connecting with to encourage each other in your faith? What barriers do you sense to walking alongside others? Finding a person to connect with? Time? Struggle to be vulnerable?
