## Joshua Series: "Interesting Plans" Joshua 6

### Questions to *Dig Deeper*:

1. What does this chapter teach us about trusting God's instructions even when they don't make logical sense? Can you share a time when you had to trust God's direction in a similar way?
2. How do we respond when we are obedient but don't see immediate outcomes? What does this say about the relationship between faith and perseverance?
3. Why might God ask for silence before action? How does silence and stillness play a role in deepening our trust and prayer life?
4. What is a "Jericho" (a seemingly impossible obstacle) you're facing in your life? How can trust, faith, and prayer help you face it this week?
5. How does Joshua 6 remind us that success comes from God's power, not our efforts? How can we guard against pride when God uses us to accomplish something?
